Article 1. Business Travel Governance, Pre-Approval Tiers & Navan Booking Platform

1.1 Executive Mandate, Pre-Trip Authorization & Mandatory Navan Portal

Nexus Corporation authorizes business travel that directly advances customer partnerships, enterprise sales execution, technical implementations, and strategic corporate objectives. All business travel must be prudent, economically justified, and aligned with corporate budget allocations. Prior to booking any reservations or incurring travel commitments, employees must secure formal written pre-approval in accordance with established financial authorization thresholds: Domestic travel under \$2,000 requires Department Director approval at least 14 days in advance; domestic travel over \$2,000 requires Department VP approval at least 21 days in advance; and all international business travel requires CFO and EVP authorization at least 30 calendar days in advance.

All commercial flights, hotel accommodations, rail journeys, and rental vehicles must be booked exclusively through Navan (formerly TripActions), the official enterprise travel management portal. Off-platform bookings made directly through airline or hotel consumer websites are strictly non-reimbursable, unless Navan customer support explicitly certifies a verified technical system outage. Mandatory centralized booking through Navan enables corporate security to maintain real-time Duty of Care visibility to locate and extract travelers during geopolitical crises, civil unrest, natural disasters, or airline operational shutdowns.

Travel Category	Estimated Budget Ceiling	Pre-Approval Lead Time	Mandatory Sign-Off Authority	Booking Channel
Domestic Travel (Standard)	Under \$2,000 total trip cost	At least 14 calendar days prior	Department Director / Lead	Navan Corporate Portal exclusively
Domestic Travel (High Cost)	\$2,000 to \$5,000 trip cost	At least 21 calendar days prior	Department Vice President (VP)	Navan Corporate Portal exclusively
International Travel (Americas)	\$3,000 to \$7,500 trip cost	At least 30 calendar days prior	Department VP & Finance Director	Navan Corporate Portal exclusively
Intercontinental / Transatlantic	Over \$7,500 total trip cost	At least 30 calendar days prior	Chief Financial Officer & EVP	Navan Corporate Portal exclusively
Emergency Client Outage Trip	Emergency mission-critical fix	Immediate notification (verbal/Slack)	Department VP written concurrence	Navan 24/7 VIP Emergency Concierge

- Off-platform travel bookings will be rejected by Finance and will not be reimbursed under any circumstances.
- Travelers must maintain active mobile alerts within the Navan mobile application throughout the duration of all trips.
- Combining personal vacation days with business travel is permitted only if business dates are justified and airfare costs do not increase.

DUTY OF CARE MANDATE:

Booking through Navan is a non-negotiable safety requirement. In global crises, corporate security uses Navan manifest telemetry to coordinate emergency medical evacuations and charter extraction flights for Nexus personnel.

Article 2. Commercial Airfare Standards, Class of Service & Rail Travel

2.1 Cabin Class Eligibility, Flight Duration Thresholds & High-Speed Rail

Commercial airfare represents a substantial operational commitment and must be booked in strict adherence to corporate class-of-service regulations. For all domestic flights and international itineraries where the scheduled flight duration is under 6 continuous hours, employees must book standard Economy (Coach) class. Basic Economy fares that prohibit carry-on luggage or seat assignments are discouraged, and standard Main Cabin / Economy fares should be selected. Travelers may purchase Economy seats with extra legroom (e.g., Comfort+, Main Cabin Extra) for flights exceeding 4 continuous hours at company expense.

Business Class travel is authorized exclusively for non-stop, continuous one-way flight segments exceeding 6 flight hours (e.g., transatlantic, transpacific, or deep South American itineraries). Connecting flights where individual segments are under 6 hours do not qualify for Business Class upgrades based on cumulative travel time. For intercity transit along established high-speed rail corridors (e.g., Amtrak Acela along the Northeast Corridor, Eurostar, TGV, DB ICE in Europe), employees are encouraged to book rail in lieu of air travel, with standard business class rail seating authorized for trips exceeding 2 hours.

Travel Segment Type	Scheduled Continuous Flight Duration	Authorized Cabin Class	Pre-Approval Authority	Exceptions / Add-Ons
Domestic Short-Haul Flight	Under 4 continuous flight hours	Standard Economy / Coach Class	Department Director in Navan	Extra legroom paid by traveler
Domestic Medium-Haul Flight	4 to 6 continuous flight hours	Economy Plus / Extra Legroom	Department Director in Navan	Checked bag fee (1 bag) covered
International Flight (Long-Haul)	Exceeding 6 continuous flight hours	Commercial Business Class	Department VP & CFO in Navan	Lie-flat seating; lounge access
Executive Leadership Travel	All business flights > 3 hours	Commercial Business Class	Standing executive authorization	First Class strictly prohibited
High-Speed Passenger Rail	Any intercity rail journey > 2 hours	Business Class Rail (Acela/Eurostar)	Department Director in Navan	Quiet car seating recommended

- First Class airfare is strictly prohibited across all employee tiers, including the Executive Leadership Team and Board members.
- Employees may use personal frequent flyer miles, airline credit cards, or personal funds to upgrade cabins at their own expense.
- Airline cancellation credits resulting from changed business trips remain corporate property and must be applied to future business travel.

AIRFARE BOOKING ADVANCE RULE:

All commercial flights must be booked at least 14 days in advance of departure. Navan algorithms flag last-minute bookings (<7 days) for executive review. Unjustified last-minute bookings may be rejected or require written VP justification.

Article 3. Lodging Standards, Nightly Room Caps & Tier 1 Metropolitan Exceptions

3.1 Nightly Hotel Rate Ceilings, Tier 1 Metropolitan Caps & Corporate Rate Discounts

Employees traveling on corporate business are entitled to safe, clean, comfortable, and professionally managed hotel accommodations. All hotel reservations must be booked through Navan, which automatically surfaces preferred corporate partner hotels offering contracted corporate discounts, complimentary Wi-Fi, and flexible cancellation terms. Standard single-occupancy rooms are authorized; suites, executive club floors, and luxury concierge upgrades are strictly non-reimbursable without prior VP authorization.

Nexus establishes standard nightly lodging caps based on destination cost-of-living tiers: The Standard Lodging Cap is \$200 per night (excluding mandatory room taxes and local occupancy fees) for the majority of domestic and international destinations. For designated Tier 1 High-Cost Metropolitan Markets (New York City, San Francisco, London, Tokyo, Zurich, Paris, Geneva, Singapore), the nightly cap is increased to \$320 per night. If no partner hotel is available within the designated cap due to a citywide conference or peak event, the traveler must document market availability in Navan to secure an automated high-rate exception.

Metropolitan Tier	Designated Urban Markets	Nightly Room Cap (Excl. Tax)	Authorized Room Type	Rate Exception Pathway
Standard Domestic Cities	Austin, Denver, Chicago, Atlanta, Dallas, Phoenix	Up to \$200 / Night standard cap	Standard King / Queen room	Director exception in Navan
Tier 1 High-Cost Domestic	New York City, San Francisco, Boston, Washington DC	Up to \$320 / Night enhanced cap	Standard single-occupancy room	Navan auto-exception if >90% sold
Tier 1 International Cities	London, Zurich, Tokyo, Paris, Singapore, Geneva	Up to \$320 / Night (or local currency eq)	Standard business room with Wi-Fi	VP approval required for > \$320
Secondary International	Berlin, Dublin, Toronto, Sydney, Amsterdam	Up to \$240 / Night standard cap	Standard business hotel room	Director approval in Navan
Conference Host Hotels	Designated official conference partner hotel	Published negotiated conference rate	Standard conference attendee block	Attach conference agenda to expense

- Airbnb and private home-share rentals are permitted only for team offsites or stays exceeding 14 continuous days with VP approval.
- Incidental personal charges on hotel bills—such as in-room movies, minibar snacks, laundry for trips under 5 days—must be paid personally.
- Hotel laundry service is reimbursable only for business trips exceeding 5 consecutive business days, up to \$30 per week.

HOTEL FOLIO ITEMIZED RECEIPT RULE:

Credit card slips showing only the final dollar total are unacceptable for hotel expenses. Travelers must obtain and upload an itemized zero-balance hotel folio breaking down nightly room rates, state and local taxes, parking, and dining charges.

Article 4. Daily Meal Allowances, Per Diem Schedules & Client Entertainment

4.1 \$75 Daily Meal Allowance Schedule & \$100 Client Entertainment Cap

Nexus Corporation reimburses actual, reasonable, and necessary meal expenses incurred during authorized business travel. The standard Daily Meal Allowance is \$75 per full day of travel, structured across the following suggested meal allocations: Breakfast up to \$15, Lunch up to \$25, and Dinner up to \$35 (including food, non-alcoholic beverages, applicable sales taxes, and customary gratuities). On travel departure and return days, the daily meal allowance is pro-rated to 75% (\$56.25) to account for meals consumed at home.

Gratuities for dining are reimbursable up to a maximum of 20% of the pre-tax bill in the United States and Canada (or local customary tipping norms internationally).

When entertaining prospective or existing enterprise clients, business dining is authorized up to a maximum of \$100 per attendee (inclusive of tax and tip). Client entertainment expense submissions must include an itemized receipt, the full names and company affiliations of all attendees, and a specific business justification or project discussion topic.

Meal Category	Daily Allocation Standard	Itemized Receipt Rule	Pro-Rated Travel Days	Alcohol Policy
Breakfast	Up to \$15.00 per day	Receipt required if > \$25	Covered on travel departure day	Alcohol strictly prohibited
Lunch	Up to \$25.00 per day	Receipt required if > \$25	Covered on travel departure day	Alcohol strictly prohibited
Dinner	Up to \$35.00 per day	Receipt required if > \$25	Covered on full travel days	Moderate beer/wine with meal allowed
Full Day Total Allowance	Up to \$75.00 per full travel day	Itemized receipts for all expenses	75% (\$56.25) on partial travel days	Max 1 glass beer/wine at dinner
Client Business Entertainment	Up to \$100.00 per attendee	MANDATORY itemized receipt + names	Requires Director pre-approval	Reasonable wine/drinks with dinner

- Alcohol consumed outside of client business dinners or solo evening travel meals is strictly non-reimbursable.
- Meals provided by a conference, seminar, airline, or hotel must not be re-expensed as an individual dining charge.
- Group team dinners where multiple Nexus colleagues dine together must be paid and expensed by the most senior employee present.

CLIENT ENTERTAINMENT RECEIPT MANDATE:

IRS regulations strictly require that client entertainment expense reports document: (1) itemized receipt, (2) business purpose, (3) exact names, titles, and company affiliations of all attendees. Incomplete submissions will be rejected by Audit.

Article 5. Ground Transportation, Rental Vehicles & Ride-Hailing Guidelines

5.1 Ride-Hailing Apps, Intermediate Rental Vehicles & Personal Mileage Reimbursement

Employees are expected to utilize the most economical, safe, and efficient ground transportation options available when traveling. For airport transfers and local transit between hotels and client sites, ride-hailing services (Uber, Lyft) or public airport transit should be used. Travelers must select standard ride-hailing tiers (UberX, Lyft Standard); premium vehicle tiers (Uber Black, Lyft Lux, SUV) are non-reimbursable unless traveling with a team of 4 or more colleagues or transporting bulky company trade show equipment.

Rental vehicles are authorized when ride-hailing or public transit is impractical or more expensive than driving. All car rentals must be booked through Navan with preferred corporate rental partners (Enterprise, National, Hertz). Travelers must reserve Compact or Intermediate / Mid-Size vehicle classes; luxury, convertible, or large SUV rentals are prohibited. In the US, corporate contracts include Collision Damage Waiver (CDW) and Loss Damage Waiver (LDW); employees must decline optional rental agency insurance.

Ground Transit Mode	Authorized Standard	Restricted / Prohibited Class	Insurance Requirement	Mileage Reimbursement
Ride-Hailing (Uber / Lyft)	Standard UberX / Lyft Standard	Uber Black, Lux, Executive SUV	Covered by ride-share platform	N/A (Direct receipt reimbursement)
Rental Vehicle (Navan)	Intermediate / Mid-Size Sedan	Luxury, Sports, Full-Size SUV	Decline CDW/LDW (Corporate covered)	Refuel prior to return; save receipt
Personal Vehicle Usage	Business driving > commute	Driving with suspended license	Personal auto insurance is primary	IRS Standard Rate: 67¢ / Mile (2026)
Public Airport Transit	Airport express trains, shuttles	Private luxury limousine service	N/A (Public mass transit)	Actual fare receipt uploaded
Tolls & Airport Parking	Standard economy / terminal parking	Valet parking at airports	N/A (Standard corporate expense)	Itemized parking ticket / toll receipt

- Personal vehicle mileage is reimbursed at the official IRS standard mileage rate of 67.0 cents per mile for business travel.
- Daily commuting mileage between an employee home and designated regional office is non-reimbursable per federal IRS regulations.
- Rental vehicles must be refueled at a local commercial gas station prior to return; rental agency refueling fees are non-reimbursable.

RENTAL VEHICLE INSURANCE INSTRUCTION:

When renting vehicles in the United States and Canada using the corporate credit card through Navan, DECLINE optional CDW/LDW insurance coverage. Nexus maintains master corporate commercial insurance that automatically covers rental vehicle damage.

Article 6. Expense Report Submission Windows, Itemized Receipts & Navan Workflow

6.1 30-Day Submission Deadline, Itemized Receipt Rules & Expensify/Navan Processing

To comply with corporate financial reporting standards and federal IRS Accountable Plan rules, all business expenses incurred during travel must be documented and submitted through Navan Expense within 30 calendar days following the completion of the business trip. Expenses submitted between 31 and 60 days require written Department Vice President exception approval. Expenses submitted after 60 calendar days will be strictly and permanently rejected without reimbursement, in accordance with corporate fiscal governance.

Itemized receipts are mandatory for all individual expense items exceeding \$25. A credit card summary slip showing only the merchant name and total charged amount is insufficient under IRS substantiation rules. Receipts must clearly display the vendor name, transaction date, individual items purchased with unit prices, applicable sales taxes, and total payment. Receipt images must be uploaded via the Navan mobile app using optical character recognition (OCR) scanning immediately upon receipt generation.

Submission Milestone	Mandatory Timeline	Required Approval Authority	Audit & Processing SLA	Consequence of Lateness
Standard Expense Filing	Within 30 calendar days of trip end	Direct Line Manager in Navan	Finance review within 5 business days	Direct deposit on next payroll cycle
Late Submission Window	31 to 60 calendar days post-trip	Department Vice President required	Finance manual compliance audit	Potential delay in reimbursement
Strict Rejection Threshold	Beyond 60 calendar days post-trip	CFO Exception Committee only	Formal financial audit review	Permanent forfeiture of reimbursement
Itemized Receipt Threshold	Any expense item exceeding \$25.00	Uploaded with expense line item	Automated AI receipt scanning	Expense rejected without itemized receipt
Corporate Card Reconciliation	Monthly card statement cycle (15th)	Employee submits within 10 days	Automated card reconciliation	Suspension of corporate card charging

- Lost receipts: For lost receipts under \$75, employees may complete a Missing Receipt Affidavit in Navan (maximum 2 per year).
- Receipts in foreign languages are automatically translated and converted to USD using official OANDA exchange rates in Navan.
- Reimbursements are disbursed directly to employee bank accounts via automated clearing house (ACH) electronic transfer.

IRS 60-DAY ACCOUNTABLE PLAN RULE:

Under IRS Publication 463 regulations, expenses substantiated after 60 days lose tax-free status and must be reported as taxable gross income on employee W-2 forms. Submit all expense reports within 30 days to avoid adverse personal tax liabilities.

Article 7. Non-Reimbursable Expenses, Prohibited Charges & Corporate Card Governance

7.1 Explicit Non-Reimbursable Charges, Corporate Card Sanctions & Dispute Protocols

Corporate funds and corporate credit cards must never be utilized for personal convenience, luxury upgrades, or non-business activities. Nexus strictly enforces a comprehensive schedule of Non-Reimbursable Expenses. Any prohibited charges appearing on corporate cards or expense reports will be flagged during automated audits, rejected for payment, and must be immediately repaid by the employee. Intentional submission of fraudulent or personal expenses constitutes gross misconduct resulting in termination and legal action.

Explicit non-reimbursable expenses include: (1) Airline seat upgrades, early boarding fees, or preferred seat fees on flights < 4 hrs; (2) Hotel minibar snacks, in-room movies, gaming, spa treatments, or gym fees; (3) Personal entertainment, tourist excursions, or theater tickets; (4) Traffic citations, speeding tickets, parking fines, or towing fees; (5) Travel expenses for spouses, partners, or family members traveling with the employee; (6) Alcohol consumed outside authorized business meals; and (7) Credit card late fees.

Prohibited Expense Category	Specific Examples	Policy Governance Rule	Remediation Action	Disciplinary Sanction
Personal Upgrades & Comfort	First Class flights, hotel suites, luxury cars	Strictly non-reimbursable	Employee pays cost differential	Finance warning on first occurrence
Hotel Incidental Luxuries	In-room movies, minibar items, massage, spa	Strictly personal expense	Deducted from hotel reimbursement	Charge rejected by Navan AI
Traffic / Parking Violations	Speeding tickets, red-light fines, meter fines	Driver personal legal liability	Employee pays fine personally	No corporate reimbursement allowed
Spousal / Companion Travel	Companion airfare, extra meals, extra rooms	Strictly personal expense	Companion costs itemized out	Separate personal credit card required

Card Delinquency Fees	Late payment penalties on individual bill cards	Employee timeliness responsibility	Employee pays late penalty	Card suspension upon 2 late cycles
- Nexus corporate credit cards are issued for business travel expenses only and must never be used for personal retail purchases. - Personal charges mistakenly placed on corporate cards must be declared immediately in Navan and reimbursed within 10 days. - Employees with unresolved delinquent corporate card balances exceeding 30 days will have card charging privileges revoked.				
CORPORATE CARD MISUSE WARNING: Using corporate credit cards for personal retail purchases, gambling, adult entertainment, or unauthorized cash advances is a criminal offense and an immediate ground for termination of employment with full payroll clawback and referral to law enforcement.				

Article 8. International Travel Governance, Currency Conversion & Medical Security

8.1 International SOS Coverage, Foreign Exchange Protocols & Passport/Visa Support

International business travel requires additional operational rigor, health precautions, and statutory compliance. 9.1 Navan AI Pre-Audit, Random Forensic Sampling & Audit Resolution SLA

Nexus Corporation maintains a multi-layered, technologically advanced expense auditing framework to ensure absolute fiscal integrity, prevent fraudulent transactions, and verify regulatory tax compliance. All expense submissions undergo 100% Automated AI Pre-Audit scanning within Navan Expense upon upload. The AI engine inspects receipt images for: duplicate submissions across employees, altered receipt numbers, unauthorized alcohol line items, weekend transactions, and merchant category code (MCC) policy mismatches.

In addition to automated AI scanning, the Finance Compliance & Audit Team conducts Random Forensic Sampling, subjecting at least 15% of all approved expense reports and 100% of reports exceeding \$3,000 to comprehensive manual forensic audits. When an expense item is flagged by the audit engine or audit staff, an automated Request for Information (RFI) is dispatched to the employee. Employees must respond with clarifying documentation within 5 business days; unresolved audit flags result in reimbursement suspension.

Article 10. Fraud Prevention, Clawback Enforcement & Disciplinary Sanctions

10.1 Zero-Tolerance Expense Fraud, Payroll Restitution & Legal Prosecution

Expense reporting is an exercise in absolute fiduciary trust. Nexus Corporation maintains a strict zero-tolerance policy regarding expense fraud, falsification of records, and intentional misrepresentation of corporate expenditures. Expense fraud includes: submitting fabricated or altered receipts, submitting personal charges disguised as business expenses, claiming reimbursement for canceled or refunded bookings, colluding with vendors or peers to inflate invoices, and claiming mileage for personal trips.

Any substantiated instance of expense fraud triggers immediate disciplinary action up to and including summary termination of employment for cause, forfeiture of unpaid bonuses and equity vesting, and mandatory payroll clawback restitution under corporate governance provisions. In addition, Nexus Corporation vigorously pursues civil litigation to recover misappropriated funds and refers material expense fraud cases exceeding \$1,000 to municipal, state, and federal law enforcement authorities for criminal prosecution.
